WORK EXPERIENCE

Ambassador Program 2023
Campus Ambassador for Cogent Labs.
Student Ambassador for Shaukat Khanum Memorial Hospital, Lahore.
Student Ambassador at Devsinc.

Internship Aug-Sep 2022
Forman Christian College University, Lahore
During my participation in the FC College Intermediate Admission Campaign, I successfully assisted parents in the admission process by providing information about available facilities and highlighting the benefits of studying at FC College. In addition, I was assigned to teach second year students and support office work with staff and teachers. These experiences have enhanced my communication skills, teamwork, and problem-solving abilities, making me a valuable addition to any organization.

Fellowship program July-Sep 2022
MindStorm Studios, Lahore
As a Fellow at MindStorm Studios, I underwent an intensive two-month program that equipped me with hands-on skills in game development, game art, and game design. In the second month, I was part of a team that developed a fully functional phone game during a game jam, competing against students from various regions of Pakistan. This experience allowed me to apply my theoretical knowledge to a real-world project, collaborate with others, and develop a keen eye for detail..

Internship April 2022
Shaukat Khanum Memorial Hospital, Lahore
During the month of Ramadan 2022, I completed an internship with Shaukat Khanum Memorial Cancer Hospital and Research Centre, where I participated in zakat collection and outreach activities to raise awareness about the hospital's services in Karachi. My duties also included distributing flyers, soliciting donations, and performing daily acts of kindness. This internship allowed me to develop my interpersonal and communication skills while contributing to a noble cause.

Volunteer
Volunteer for Web3pak at Future Fest 2023. (January 2023)
Volunteer at Shaukat Khanum Pink Ribbon event. (October 2022)
Volunteer at 2nd International Conference by FCCU English Department. (October 2022)
Brand Ambassador for International Global Network. (August-October 2022)
